Product Descriptions

Product Description – 25 Words

The new Gyration SuperCharger charges an extra battery (included) for your Air Mouse® GO Plus, while simultaneously charging the mouse itself in its charging cradle.

Product Description – 50 Words

With the Gyration SuperCharger, you'll always have an extra Gyration Air Mouse® GO Plus battery charged and ready to go. Connecting between your GO Plus mouse and its AC Adaptor, SuperCharger charges an extra battery (included) for your GO Plus while simultaneously charging the mouse itself in its charging cradle.

Product Description – 100 Words

With the Gyration SuperCharger, you'll always have an extra Gyration Air Mouse® GO Plus battery charged and ready to go. Connecting between your GO Plus mouse and its AC Adaptor, the SuperCharger charges an extra battery (included) for your GO Plus while simultaneously charging the mouse itself in its charging cradle.

Included in the SuperCharger kit are (1) an extra Air Mouse® GO Plus battery, (2) the SuperCharger charging stand, (3) a Gyration AC Adaptor, and (4) a connection cable to the GO Plus charging cradle. Note: the GO Plus charging cradle (shown) is NOT included. Compatible with all current U.S. versions of Gyration Air Mouse GO Plus products.

Features & Benefits

Always have an extra GO Plus battery charged and ready

- Provides an extra battery and AC Adaptor for the GO Plus mouse.
- Doubles GO Plus cordless operation time
- Eliminates mouse down time due to discharged battery.

Charge your extra GO Plus battery simultaneously with the mouse itself

- Use SuperCharger simultaneously with desktop GO Plus mouse operation.
