Product Announcement Information Sheet

Product Name	Wireless Stopwatch Presenter with Laser Pointer
Model Number	VP4560
Part Number	RXX6000-1601F
UPC Code	 715262045606 7 1152621104560116
Dimensions/Weight per Single Package	181 x 91mm x 56mm; 170g 7.1 x 3.6 x 2.2 inch; 6.0 oz
Dimensions/Weight per Shipping Carton	363 x 105 x 237mm; 1.54kg 14.3 x 4.1 x 9.3 inch; 3.4 LB
Quantities per Shipping Carton	6 units
Suggested Retail Price	US\$59.99
Availability	July 21, 2008

PRODUCT DESCRIPTIONS

Short Description – 25 Words

- The VP4560 stopwatch presenter, with built-in laser pointer and receiver dongle storage, features 5 control buttons, a scroll wheel and a stopwatch with LCD display for up to 70 feet of wireless transmission.

Standard Description – 50 Words

- The VP4560 stopwatch presenter offers up to 70 feet of wireless freedom in presentation controls for Windows and Mac. The integrated stopwatch with LCD display enables on time presentation all the time. Featuring a scroll wheel for long document maneuver, laser pointer and receiver dongle storage, the VP4560 offers great ease-of-use for all levels of users.

Long Description – 100 Words

- The Interlink VP4560 stopwatch presenter from SMK-Link is a simple and yet powerful presentation tool for all levels of users. An integrated stopwatch with LCD display enables the presenter to effectively manage time. Designed with 5 intuitive presentation control buttons, a unique scroll wheel for long document maneuver and a built-in laser pointer to bring audience focus, the VP4560 presenter features up to 70 feet of wireless freedom for effortless presentation delivery. With an on/off switch to conserve power and an integrated storage for its receiver dongle, the device is travel-friendly. Designed for plug-and-play, the VP4560 works instantly with any Windows and Mac computers without the need to install software.

FEATURES AND BENEFITS

Reliable 2.4GHz Long-range Wireless Freedom

- Provides up to 70-foot/23-meter of reliable presentation control
- Allows the presenter to work the audience away from the host computer
- Multiple RF channels eliminate potential interference

Full-featured User-friendly Presentation Controls

- 5 intuitive presentation control buttons for ease of use:
 - SlideShow/Esc button takes you in and out of a presentation
 - Dark Screen/Resume button helps to bring focus to the person who's giving the presentation
 - Application Switch button provides easy switch from one presentation to another, file to file, and/or application to application, without the need to close and open new windows in the middle of a presentation

- Previous Page and Next Page buttons provide easy flow of a presentation
- The built-in laser pointer with warning LED adds a powerful touch of a professional presentation and helps capture the audience's attention
- The unique scroll wheel allows effortless maneuver on long documents such as spreadsheet and webpage

Unique Stopwatch with LCD Display for Effective Time Management

- An integrated stopwatch enables the presenter to control timing with ease
- The built-in back-lit LCD display shows time lapsed at a glance

Compact and Smart Design for Great Portability

- Device is designed with transportability in mind whether for long business trips or just moving between the office and conference room
- An integrated dongle storage is provided for the stow-away of the receiver when not in use
- An on/off switch is built-in to save battery power when device is not in use and to avoid accidental trigger of laser beam when traveling
- Convenient carrying case included

True Plug-and-Play Compatibility for Windows and Mac OS

- Radio frequency is factory preset to eliminate the need for pairing
- True plug-and-play with no need to install software
- Supports Windows PowerPoint and Mac Keynote presentation software (note: SlideShow and Application Switch not supported by Mac)
