- Featuring a compact design, the Bluetooth Notebook Mouse pairs easily with Apple OS X and Bluetooth-enabled Windows computers to deliver cordless freedom and high-precision pointing on or off the desktop.

Standard Description – 50 Words

- Featuring a compact design, the Bluetooth Notebook Mouse pairs easily with Apple OS X and Bluetooth-enabled Windows computers to deliver cordless freedom and high-precision pointing on or off the desktop. Its sleek ambidextrous compact design makes it ideal for coffee-shop computing, airport emailing and hotel room presentation editing. It's the road warrior's choice!

Long Description – 100 Words

- Featuring a compact design, the Bluetooth Notebook Mouse pairs easily with Apple OS X and Bluetooth-enabled Windows computers to deliver cordless freedom and high-precision pointing on or off the desktop. Its sleek ambidextrous compact design makes it ideal for coffee-shop computing, airport emailing and hotel room presentation editing. With an uninterrupted 33 feet (10 meters) of cordless freedom, and an integrated power management system, the Bluetooth Notebook Mouse is the road warrior's choice!

FEATURES AND BENEFITS (VP6155)

Bluetooth Connectivity for the Utmost Convenience

- Provides up to 33 feet / 10-meters of secure data transmission
- Designed to work with Bluetooth enabled Mac and PC systems, eliminating the need for a separate receiver dongle
- Once connection is established, the mouse stays connected with the system without the need to reset
- Multiple RF channels eliminates potential interference

Effective Power Management for Prolonged Battery Life

- Designed with power-saving Bluetooth v3.0 chipset to reduce power consumption
- Integrated on/off power switch to preserve battery life when not in use
- Preset sleep mode to save battery power
- Built-in power-low indicator LED to signal when to replace batteries

Advanced High-precision Sensor Offers Easy Mousing

- Advanced 1600-cpi sensor provides precision and accuracy in cursor control and enables tracking within a small desktop area for the utmost convenience
- Fast tracking reduces mousing movement, prevents hand fatigue and provides improved productivity

Compact Design Ideal for Road Warriors

- Mouse is designed with transportability in mind whether for long business trips or just moving between office, conference room and home
- Convenient carrying pouch included
