Product Announcement Information Sheet

Product Name	File Transfer USB Hub
Model Number	VP6910
Part Number	VUH1213-0101F
UPC Code	 715262069107
Dimensions/Weight per Single Package	9.0" x 6.2" x 1.2" / 5.4 oz 229mm x 157mm x 31mm / 154.2g
Dimensions/Weight per Shipping Carton	16.0" x 10.0" x 14" / 8 lb 13 oz 406mm x 254mm x 356mm / 4.0 kg
Quantities per Shipping Carton	20 units
Suggested Retail Price	US\$39.99
Availability	August 2010

PRODUCT DESCRIPTIONS

Short Description – 25 Words

- The VP6910 File Transfer USB Hub is a portable USB hub with cross platform file transfer capability for Windows and Mac for the ultimate connectivity on the go.

Standard Description – 50 Words

- The VP6910 File Transfer USB Hub is a travel-friendly USB hub that doubles as a cross-platform file transfer bridge. Copy files between desktop and notebook computers, Windows and Mac systems, anytime, anywhere, with drag and drop simplicity. The VP6910 offers true plug-and-play; software runs automatically from device for the utmost convenience.

Long Description – 100 Words

- The VP6910 File Transfer USB Hub offers an effective, user-friendly solution for file copying between 2 systems. The comprehensive software runs automatically from the device to eliminate the need for software installation. You can share files between your desktop and notebook computers; copy files from a PC to a Mac or vice versa; distribute your presentation to the attendees; all done at the USB 2.0 high speed data transfer rate with drag and drop simplicity. The 3-port VP6910, offering port expansion convenience in addition to the cross platform file copying capability, is designed for the ultimate connectivity on the go.

FEATURES AND BENEFITS

Copy Files Between Windows and Mac Systems

- Most comprehensive compatibility supporting Windows and Mac OS, 32- and 64-bit systems
- No need to fuss with wireless setup or looking for hotspots; direct connection via USB cable provides the most reliable file transfer
- Copy files between a desktop and a notebook computer; transfer files from a Windows PC to a Mac system, or PC to PC and Mac to Mac, at USB 2.0 high speed data transfer rate
- Simple drag and drop motions making file copying and transfer between platforms and systems an easy task
- Great tool for copying software to a netbook without CD/DVD drive

Plug-and-Play Auto-run Software

- Comprehensive application software resides in the device with auto-run capability that installs the software when connected to the host and the remote systems

- True plug-and-play capability without the need to install software manually for each system

Great Port-Expansion Travel Hub

- The small footprint provides great portability and ease of travel
- The 3-port USB 2.0 hub offers port expansion convenience for the road warriors
- The 2-in-1 design provides the ultimate connectivity on the go

SPECIFICATIONS

Product Specifications

- Connectivity:
 - USB 2.0
- File transfer:
 - Data transfer rate up to 480 Mbps
 - Easy Suite application software
 - Plug-and-play with auto-run software
- USB hub:
 - 1 upstream port for connecting to host system: USB Type A
 - 3 downstream ports for connecting to USB devices: USB Type A
 - 1 downstream port for connecting to remote system: Mini USB
- Power source:
 - BUS power via USB cable
- System requirements:
 - OS compatibility: Windows XP, Vista, 7, Mac OS 10.2 and later (32-bit and 64-bit)
 - One available USB port

Product Dimensions and Weight

- USB hub (excluding upstream cable)
 - Dimensions: 3.2" x 1.1" x 1.1" / 80.5mm x 27mm x 27mm
 - Weight: 1.7 oz / 49g
- USB downstream cable
 - Length: 6 feet

Package Contents

- 3-port USB hub with attached upstream cable
- USB downstream cable
- User's manual

Warranty

- 12 months limited warranty
